Old Business

Sidewalk repair—The town highway department is looking into it.

Financial Oversight Policy—review draft submitted- approve in June

Personnel Policy—review and approve in May

Solar project

Prageep met with Siemens and Jon Cates on Monday. They looked at the current placement for the solar project. They noticed that trees need to come down in order to proceed with the project. Siemens is now considering moving solar panels to the north side of the building. Prageep is worried about snow melting during the winter and causing issues. He also pointed out that solar panels on the north side will not give us maximum sunlight.

New Business

Auditor visit Wednesday April 29

Motion to Close By Deb Lund at 7:35, seconded by Prageep Jangbari.

Next Meeting: Wednesday May 27th
